

# MM HLODINGS ZA (PTY) LTD

## Our Services Brochure

### About Us

MM HLODINGS ZA (PTY) LTD is a South African construction and project management company, providing tailored building solutions for residential, commercial, and government clients nationwide. We operate with agility, professionalism, and integrity - delivering results from concept to completion.

### Construction Project Management

We oversee construction projects from planning to final handover. Our project managers ensure timelines, quality, and budgets are met.

### New Residential & Commercial Builds

We build homes, offices, and commercial spaces from the ground up, tailored to your design and budget.

### Renovations & Extensions

We transform existing structures to meet new needs or add value. From layout changes to full renovations.

### Demolition & Site Preparation

Safe and efficient clearing of structures and sites, including compliance with local regulations.

### Design, Planning & Cost Estimation

We assist with project planning, budgeting, and early-stage design consultation to ensure feasibility.

### Labour Subcontracting

We provide skilled labour on a per-project basis - from electricians to bricklayers - anywhere in South Africa.
